Constanta – very beautiful city-port is situated in Dobrogea, land between the Danube and the Black Sea. In the north of Dobrogea, the Danube Delta lies, a unique place in the world, famous for its rare species of plants and animals.

Constanta is easily accessible from most European cities, due to its international airport. It is a cosmopolitan city with a long historical past and its inhabitants will be pleased to put at your service their tradition of being the land of welcome.

Constanta is a city with an intense, modern cultural life, which provides a background for the authentic history and art that lived on for hundreds of years in the city's monuments. Shopping in Constanta is also an experience not to be missed: visit the department stores on the main boulevards or little stores; admire antique dealers, taste the well-known local wines.

The pearl of Romanian summer holiday resorts – Mamaia - lies next to the city. Modern hotels, shopping center, diverse leisure activities and golden beaches, caressed by the sea are strong reasons to visit it.

Currency. The monetary unit in Romania is Romanian Leu (RON). Foreign currency and travelers check can be exchanged in banks, hotels and change bureau. Many shops will accept the major credit cards.

Climate and Clothing The average temperature in June is around 20 Celsius degrees.
